S.NITHIYANANTHI
SECRETARY

PON VIDYA MANDIR SR. SEC. SCHOOL, the dream project of Pon Foundation came into existence in the year 2009. The beginnings though modest, the goals are big. The aim of the foundation is to design an institution which would in future become a beacon for excellence in education. The philosophy of the school believes in the holistic development of every child. Pon Vidya Mandir Sr. Sec. School is an amalgamation of the best educational philosophies and pedagogy aimed at providing world class education right from kindergarten through primary to senior secondary education. Individual attention is given to the pupils with the aim of chiseling them to be confident, inspired individuals trained for leadership and for shouldering higher responsibilities in life

Dear Parents,

"Investing on the child is commercialism, investing in the child is acumen."

PVM-DAV family desires to appreciate all the parents for your incessant support in empowering your precious ward holistically.

Education is nothing but 'Man Making Process' and it is a crucial responsibility of every educator. We involve ourselves in sculpting each child a good human being and patriotic citizen of our country by inculcating values and qualities through our teaching.

We focus on discovering, rising and extracting out the unnoticed flairs and the magic lying quiescent in our students. Bridging academics with co-curricular activities, determination and a never give-up spirit are engrained in the heart of every student not only making them highbrow students but also disciplined.

PVM-DAV is a unique educational institution which offers synergism in learning process. As the saying goes "Update yourself or you will be outdated" the diligent team members of PVM-DAV involve themselves in modern teaching pedagogy with the aim of elevating children to experience internationalism without compromising our traditional values. We believe this optimism provides a palatable platform for holistic learning to our stupendous students.

We always have faith in the prominence of connecting teachers, parents, and administrators transparently. We are continually modernizing the tools of communication to connect with our parents. You are encouraged to visit our website regularly and learn about our exciting academic and co-curricular activities.

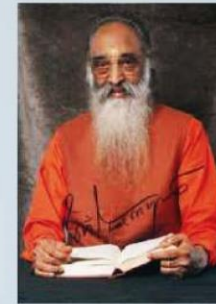

We perpetually welcome the parents to join hands with us in this endeavour to prepare our students to face the challenges of life and accomplish it. We are energized by the concrete trust the parents have on our institution and that escalates our strength and passion.

My role as the Principal of PVM-DAV is to serve for the welfare of children and school involving my head and heart in all my commitments and I will execute that.

"There is always one more thing to do."

CHINMAYA VISION PROGRAMME

At Pon Vidya Mandir, education is also provided to hearts through Chinmaya Vision Programme, a value education programme also recommended by CBSE along with others.

The Chinmaya Vision Programme (CVP) insists on "Yatha Drishti Thatha Srishti." To one whose vision is narrow, the world appears narrow and on the contrary to one with a vision, infinite are the potentials in the world. CVP aims at gifting our children with the right vision and right attitude to make them achieve success with greater peace and happiness and ultimately transform them as ideal citizens displaying the role of humanity on the earth. CVP is concretisation of education with integration of intellectual and spiritual development with a perfect blend of patriotism and universal outlook. CVP is implemented to have a significant bearing on the children in their successful future and a harbinger of good fortune.

"Don't just invest on the child, also invest in the child. 'Investment on' gives outer prosperity. 'Investment in' ensures inner unfoldment and lasting prosperity. True education is 'investment on' the child complemented with 'investment in' the child."
H.H. Swami Chinmayananda

CURRICULUM

OUR CLASSROOMS
WILL NOW BE THINKROOMS,

where every child is filled with the sheer joy of thinking, learning and expressing freely.

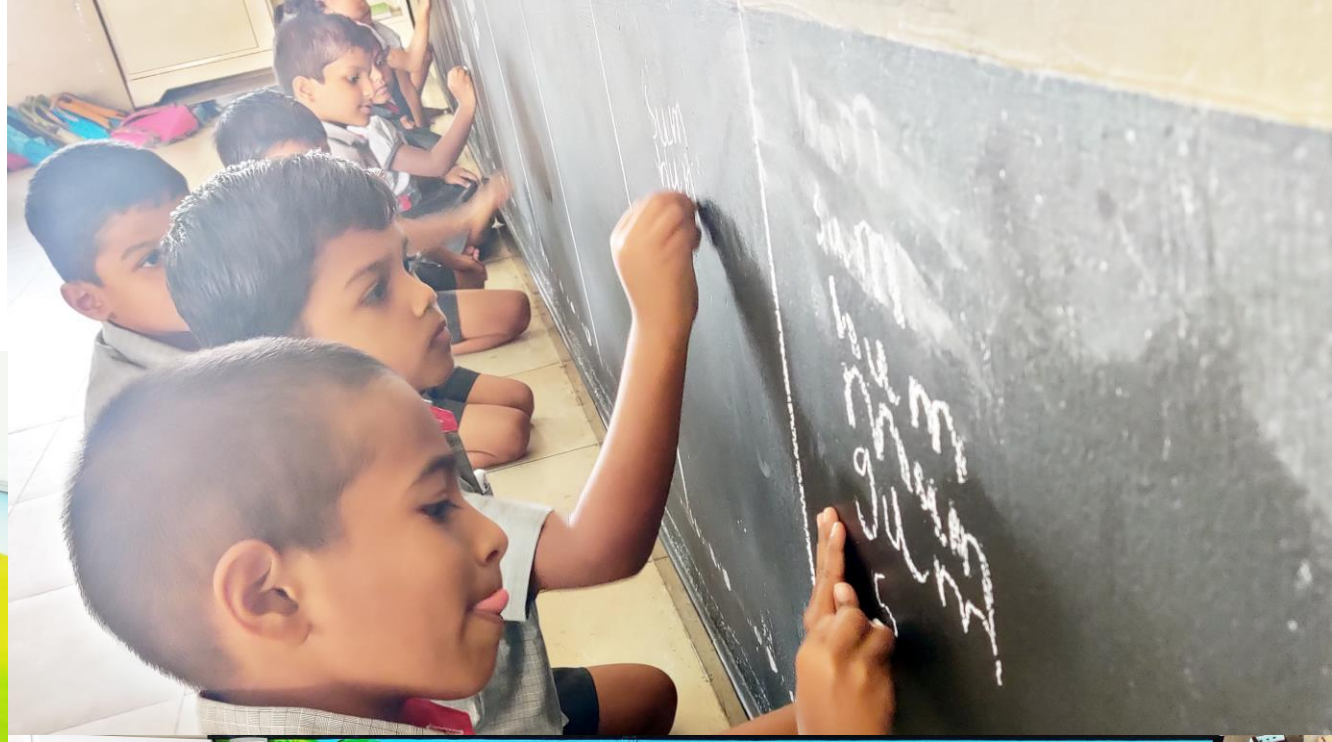

9 REASONS WHY STUDIOS ARE DIFFERENT FROM TEXTBOOKS

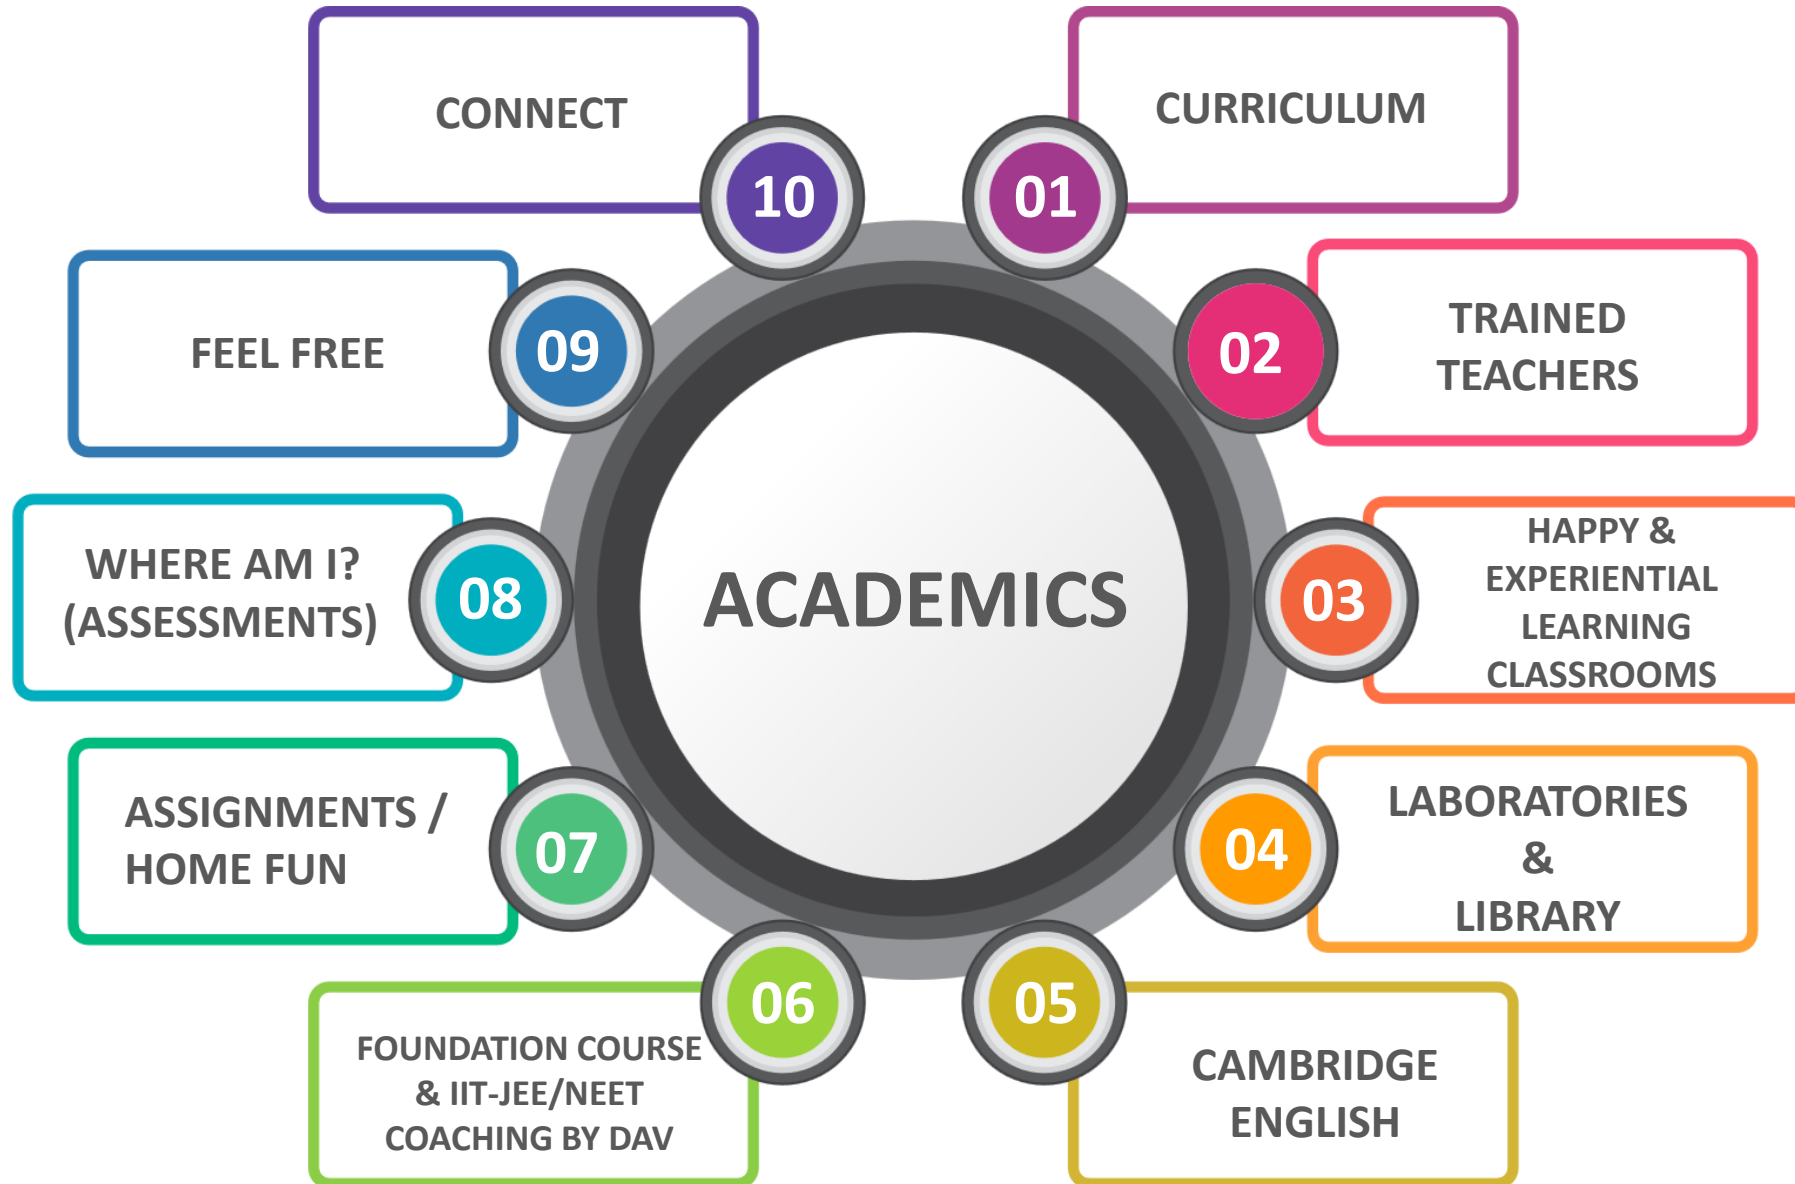

- 1 The child is engaged at every step of learning.
- 2 Concepts are derived and not just 'told' to students.
- 3 Child applies concepts in real-life context.
- 4 Lessons cater to different learning styles.
- 5 Values integrated in every lesson.
- 6 Free spaces for expressions improve student thinking.
- 7 Low-stake assessments in every lesson
- 8 Children don't just learn to solve problems in Mathematics, but they even create problem in Math
- 9 Chrysalis's proprietary **4 facets of Thinking**: Look Deep, Look Around, Look Within and Look Beyond - Nurture student thinking in every lesson, every subject.
